Directions from the intersection of US 42 and Blankenbaker Lane:

Turn onto Blankenbaker (toward River Road) at the light in front of Christ Church United Methodist; drive 0.9 miles and take the first left after the "S" curve (Clark's Point) into Locust Hill. Clark's Point is a one block divided street with a brick and stone gate and a Locust Hill sign in the median. Turn right onto Indian Chute and then left onto Long Knife Run. Drive to the intersection of Long Knife Run and Long Knife Court. The house is at the intersection and has a semi-circular driveway in front.

Please note the neighborhood streets are too narrow to park cars on both sides. The semicircular drive in front of 2006 can accommodate 7 to 8 cars and the driveway into the garage (off the end of Long Knife Run) can hold 4 more (be sure to engage parking brakes due to the grade). Otherwise, please park on one side only of Long Knife Ct. or Long Knife Run. An alternative, for those who wish to meet and carpool, is to park on the lot of Christ Church United Methodist at the intersection of US 42 and Blankenbaker Lane (approximately 1.25 miles from the house).
