## HVAC Noise Control

**Speaker: Kris Kollevoll**

**Monday, January 11, 2010**

**University of Louisville Alumni Club from 11:30 to 1:00 pm**

**It is extremely important to make your reservation no later than Thursday, January 7th with Ross Wojcik by simply using one of the following two options: 1) Calling (502) 939-4110 or 2) E-mail [ross.wojcik@earthwell.cc](mailto:ross.wojcik@earthwell.cc) (not ".com")**

The cost for attending is \$20.00, cash or check (made payable to ASHRAE). Students and university facility may attend for \$5.00. Due to our current arrangements with the University Club, reservations are not cancelable after 5:00 PM Thursday prior to the meeting date.

### Topic:

- Fundamentals of Noise Control Tutorial
- Evaluation of HVAC Noise Applications
- Chiller Noise Control Tutorial
- HVAC Acoustics Terminology
- Acoustics 101: General Concepts and Rules of Thumb

### Speaker:

Kristan (Kris) G. Kollevoll, President of BRD Noise and Vibration Control, Inc. is a graduate of Princeton University. Kris started with BRD as a Sales Engineer in 1982 and became Sales Manager and Vice-President in 1988.

In 1994, upon the death of Bernard R. Deschaine, founder of the company, Kris became President and added several new Sales Engineers to BRD's staff. Additional Regional Offices have been opened in the Midwest, Southwest and Southern States and plans are underway for other offices in the New England and West Coast areas as well.

Kris is affiliated with the AIHA, Acoustical Society of America and Institute of Noise Control Engineering and has also served as an outside consultant for the training of OSHA Citation Officers.

Kris has worked extensively to aid such prominent companies as DuPont, Alcoa, Johnson & Johnson, Hewlett Packard, Proctor & Gamble, as well as Trane, Chicago Blower, AEON and Munters in designing and manufacturing long-term engineered noise control solutions.

Around 1988, Kris formed a separate HVAC Division within BRD to focus on developing proven solutions for recurring noise problems. BRD is a recognized leader in the field of noise reduction systems for air cooled and liquid chillers and for curb mounted rooftop packaged air conditioning equipment.

BRD is a frequent presenter at ASHRAE Chapter meetings.

## MESSAGE FROM THE CHAPTER PRESIDENT

Happy New Year Everyone,

I hope you enjoyed your holidays with friends and family, and for those who attended the ASHRAE Christmas party, I trust you had a great time.

As we begin 2010, we continue our focus on our key initiatives for the year...

1. Bring interesting programs and tours
2. Connect with other associations, such as USGBC and AIA
3. Increase focus on the next generation of ASHRAE leadership through building teams and attracting new members
4. Focus on Green subject matter to better support what is going on in our society, cities, and the world

Just a reminder....

Don't forget about our **“+1 Program”**. *Here is how it works: If you bring a first time guest to an ASHRAE meeting, lunch for you and your guest is FREE! That's a \$40 value!*

Please be sure to reach out to your colleagues, customers, and others who may have interest in what is going on in ASHRAE and bring them to our next meeting.

All it takes is just **one more** and we grow, not only in size, but in focus,

We look forward to seeing you at our next meeting on Monday the 11<sup>th</sup>!

Regards,

**Jeff Murphy MBA, PE, LEED® AP**  
President  
ASHRAE Louisville Chapter
